

## Welcome New Members

### Jim and Joan Bliss

### Jim & Joan Bliss (far right) and their family

Jim and Joan have been married 50 years. They met after high school in San Francisco. Jim took Joan on dates in his green pickup and has always been interested in cars and trucks. They recently purchased a 1929 Model A Fordor Sedan and a 1950 Panel Truck. The Model A was Jim's best friend's. They have been friends since grammar school. Jim and Joan have two daughters and four grandchildren. Luckily, they live in Walnut Creek near them. Each daughter has a son and a daughter. At one of the car shows where they displayed the panel truck, Jim and his grandson, Keith, met some Diablo A's members. Their grandchildren Cameron, Keith, Jenna and Catherine attend the car shows and the boys are working hard to get the Model A on the road. Keith especially loves the Model A and appreciates the help the guys from our Club have given him. They have recently joined the Diablo A's and look forward to attending the various outings. Keith and Cameron are anxious to show the Model A off.
