

Getting to Know Ed & Patsy Pond

In Ed's own words...

Growing up in W. LA, I was exposed to what they were. My working career lac dealership in Beverly Hills. I start-went to Santa Barbara and then to the 13 years.

an earthquake in San Francisco as well as a real shaker on the cliffs of Santa Monica. We've been on shaky ground ever since. LOL. After 28 years and four kids and four grandkids everything has panned out pretty well. But I have to ask myself, what does this have to do with the model A club? I guess because I've met and made many lifelong friends via vintage cars and car clubs. Some of my best car guy years were my 6 years of high school (that's a joke, son). To sum it up, the So. Cal. car scene was a major influence, and I've never stopped having car guy fun. Funny thing, I have never been a club kind of guy, yet, I've always been in and around car clubs. I am a current member of FAST, SVMARC, AACAA, NCMTFC & Diablo A's.

I also want people to know that I am not a "big, scary guy", but more of a gentle soul who likes to ask questions, share information and get it right the first time. Reminds me of an old carpenter saying "measure twice, cut once".. My brother always said "tell it as it is bro"... So, in addition, you may be interested that I am very experienced at "opening my mouth and inserting my foot" and I am no stranger to controversy. You will likely find me in the middle of it. If you have any questions, comments, please feel free to ask me. I believe that communication is the name of the game of life.

The cookie jar always has some homemade cookies, almond milk in the frig, coffee in the pot. So feel free to stop by and check out the toy box.

Lastly, music opens the gateway to my soul, free guitar lessons to club members. It's never too late to learn and play music or find another Model A to bring home. Patsy and I wish you all a wonderful new year in 2017.
