### JIM & RENEE WERNER

Jim and Renee Werner are the son and daughter-in-law of Daryl Werner, a long-time member of the Diablo A's. Jim is the CFO of a technology company in San Jose and Renee is a speech pathologist who owns her own practice (Language Essentials) in San Ramon. They have three children: Chris (music teacher), Nora (Speech Pathologist) and Jeff (finishing electrical engineering degree at UC Davis). Jim grew up with a 1929 station wagon in the family garage and the building of that car is a timeline of his earlier life. Jim and Renee look forward to being members of the Diablo A's. The picture above is of Jim and Renee visiting their daughter in Anchorage, Alaska this past May.
